

DOUBLE NEVADA BIOFIREPLACE

BIO-10-020

ScandiFlames Double Nevada wall-mounted bio fireplace with large front glass and black backplate that enhances the flames. Featuring two 1.5-liter bioethanol burners, the fireplace offers a total burn time of up to 6 hours per burner and a heat output of about 3.52 kW. The flames can be adjusted with the included tool, and using only one burner halves the consumption and heat output. The burners include built-in ceramic wool for longer burn time and increased safety. Includes mounting brackets, glass, extinguishing tool, and screws. Easy to install on all wall types.

TECHNICAL SPECIFICATIONS

Burner

Capacity	3 Litres
Flue/chimney	Not Required
Remote control	No
Recommended air change rate	1
Burner type	1.5 Litre Deluxe
Flame length	24 cm
Minimum room size	90 m ³
Requires electricity	No
