

WALL MOUNTED BIOETHANOL FIREPLACE IN BLACK

BIO-10-017

ScandiFlames large wall-mounted bio fireplace in black powder-coated steel with three separate 1-liter burners. The fireplace produces about 4 kW of heat and features front glass to protect the flames from drafts and wind. With a width of 120 cm this fireplace is a large eye-catching interior piece. Each burner provides a burn time of approximately 5 hours and 15 minutes, with a total consumption of about 0.54 liters of bioethanol per hour. Easy to mount on all wall types with included brackets and tools. Recommended minimum room size is 120 m³.
