

BOSTON - BLACK BIOETHANOL STOVE

BIO-20-239

The ScandiFlames Boston is a black freestanding bioethanol fireplace with a classic stove look, perfect for replacing an old wood stove in your home or summer house. This smart and classic bioethanol fireplace is a reinterpretation of the traditional fireplace, featuring a sleek, authentic look that harmoniously combines traditional and modern elements. The black contrast enhances the flames' vibrant colors and depth. With a burn time of up to 5 hours you can enjoy the cosiness from the fire a whole evening.
