

WASHINGTON - BIOETHANOL WOOD-BURNING STOVE

BIO-20-240

The Washington stove fireplace from ScandiFlames is a bioethanol fireplaces designed with the classic aesthetics of a traditional wood burner. Featuring a 1.5-litre bioethanol burner, it provides up to 6 hours of burn time and has a heat output of approx. 2.2 kW, which is usually suitable for comfortably heating a room of 25-30 square meters. The Washington is manually operated, does not need electricity or connection to chimney or flue.
