

CRADLE TABLE BIO FIREPLACE - RED

BIO-20-257

The ScandiFlames Curved Tabletop Bioethanol Fireplace in red is a modern and fancy fireplace that is refined and extraordinary in its design. With its striking red color and curved shapes on both the glass and base, this bioethanol fireplace is unique and exceptional. It can be placed freely on a table or similar surface, allowing the flames to be enjoyed to the fullest in the room. The fireplace features a 1-liter fuel tank, providing a burn time of up to 5 hours per filling. Maintenance is simple as bioethanol fireplaces do not produce smoke, soot, or odors.
