

CROMER FREESTANDING BIO FIREPLACE

BIO-80-015

The Cromer fireplace is an elegant free-standing bio fireplace with beautiful details, inspired by traditional old-fashioned fireplaces. The design blends old-fashioned charm with modern elegance, making it a unique and eye-catching addition to any room. The black background enhances the flame's colours and intensity. The fireplace comes with a burner that has a capacity of 0.75 liters, providing up to 2.5 hours of burn time per refill. The Cromer fireplace requires no chimney or electricity and is easy to place and assemble. It includes extinguishing and adjustment tools and carries the German TÜV certificate for safety.
