

BERLIN MINI - SMALL BIO FIREPLACE FOR TABLE

BIO-80-052

Berlin Mini is a compact tabletop bioethanol fireplace, perfect for both indoor and outdoor use. Despite its small size and 0.2-liter burner, it provides up to 1.5 hours of burn time, ideal for cosy moments. The two glass panels shield the flame from the wind, making it suitable for your patio. However, it should not be left outside in rainy weather. Available in white or black, the Berlin Mini requires no electricity or installation. Its stylish and functional design enhances any room or outdoor space with elegance.
