

CORNER FIREPLACE 85 CM - LEFT

BIO-30-027L

This elegant left-facing bioethanol fireplace is made for installation in the corner of a wall, allowing you to enjoy the flames from two sides. Measuring 85 cm in width, the fireplace is made of black powder-coated steel and includes safety glass to protect against drafts. With a capacity of 3.75 litres of bioethanol, it provides a burn time of up to 7.5 hours. No flue or chimney is required as a bio fireplace does not produce any smoke, ash or soot.
