

CARL BIOETHANOL

BIO-90-301

The Carl bio fireplace from Westbo of Sweden is a compact and elegant solution for those who want a traditional fireplace without the need for a chimney. With a heat output of 2 kW and a burning time of up to 3 hours on one fill of bioethanol, this fireplace is both efficient and practical. It is made of cast iron, which makes it robust and durable, while adding a classic touch to any room. The Carl bio fireplace is easy to install and can be easily moved when needed.
