

HALIFAX STEEL - 60 CM

BIO-40-106

Halifax is a stylish, oval ceiling-mounted bioethanol fireplace with a 60 cm width, made from 4 mm thick brushed steel for a modern, industrial look. It features a 1.5-liter bioethanol burner, offering up to 6 hours of burn time per fill. A safety glass in front of the flames protects against drafts and gusts. The fireplace is easy to install with the included ceiling bracket and a 1-meter ceiling rod, extendable as needed. Ideal for creating a cosy atmosphere in rooms of at least 40 m³.

TECHNICAL SPECIFICATIONS
