

STELLA 500 MANUAL

GAS-60-051

The Stella 500 Manual from Planika Fires is a stylish and versatile outdoor gas burner, ideal for creating a cozy ambiance in your garden or on the terrace. With a width of 500 mm and a maximum heat output of 4.5 kW, this burner provides effective warmth and comfort. The manual ignition ensures reliable operation, while the powder-coated galvanized steel construction ensures durability and weather resistance. The Stella 500 Manual combines functionality with modern design, perfect for outdoor settings.
